Hi, Barbara (Barbara)

Yes, Sondra sent an email version as well. John and I are meeting Friday to finalize the agenda schedule for the rest of the year. Can I ask you what your initial thoughts are on Proposal A?

As a result of the meeting, we will have a meeting on Friday. I am asking to be a part of it. I can't see one. As a result, I just the idea of adding a statement - it's really Y - thoughts?

I just sent you an email

I heard at last board meeting you ask for counselors. Are you looking for mental health professionals or academic planning professionals?

We need both. The situation needs to be evaluated and a plan put in place.

Please look over the substitute teacher proposal. I would like the board to discuss for the budget on the 29th.

To: Kim Hartmann

May 26, 2018, 10:12 AM

No I don't think \$5 is enough. I would do as much as we can afford. And plan for another increase next year (if the budget doesn't get them up to 2011 level). I was appalled they were cut in 2011 and forgotten. I briefly spoke with Doug Virgil at Arcadia graduation. When he made the recommendation he had not seen Nelson proposal. Doug said he didn't receive the proposal. So it must not

mentioned it in my meeting I had with him (JK) on Wednesday. I resent it to DV on Thursday night. I hope he got it. I will double check today. DV has another concern which does need to be considered. We weren't able to talk about it given the venue: the ceremony was to begin. Then he was off Friday and Monday is a holiday. Very poor timing for such an important decision. That's why it needs to be discussed and

To: Kim Hartmann

Well I was pretty disappointed with the "Non-reactive, it's always been this way" response to the AE data. I firmly believe we have a product issue and until we fix that along with a targeted marketing effort, things will not change. The upside is I believe it can happen faster than we think w the right leadership. It's going to take a board member to lead the way though. I'd be happy to help if you are interested

I think it is worth double checking that susd is compliant with this law without reducing instructional minutes. If not complant then time may need to be added to the day. If I remember correctly SUSD MIGHT have an issue with 4th and 5th. I'm pretty sure kinder-3rd is ok.

Vape detectors have been installed in the restrooms at Aprende Middle School in the Kyrene School District. The principal tells us vaping has become a problem on campus. We'll have more on #Fox10Phoenix at 5! #vaping

Pam Kirby

Yes. She said gadd said it
was responsive. I said it
wasn't and reiterated my
response vs. what they sent

They don't want me to see
the bank statements or the
trust statements. That's
because between the two,
we have possibly in excess
of \$40 million.

Great bipartisan support for S.B. 1184 today at the Arizona Senate! Senators voted unanimously, 29-0, on Treasurer @KimberlyYeeAZ bill that would require high schools teach students financial education before they graduate. The bill now moves to the AZ House of Representatives.

Last year, we studied the intersectionality of Lauryn Hill's life/work. Then, wrote rape centered upon feminist issues. Several of the 8th-grade women then extended the work/consciousness into a petition against the sexism of the school dress code. All right!
